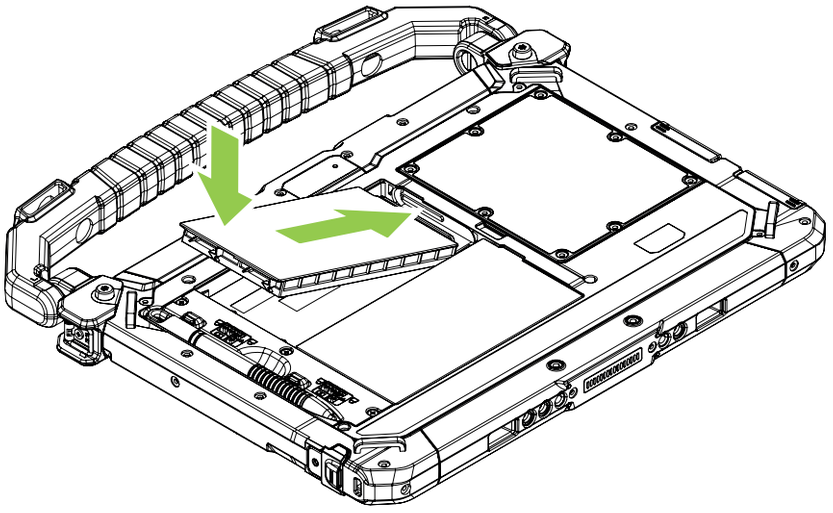
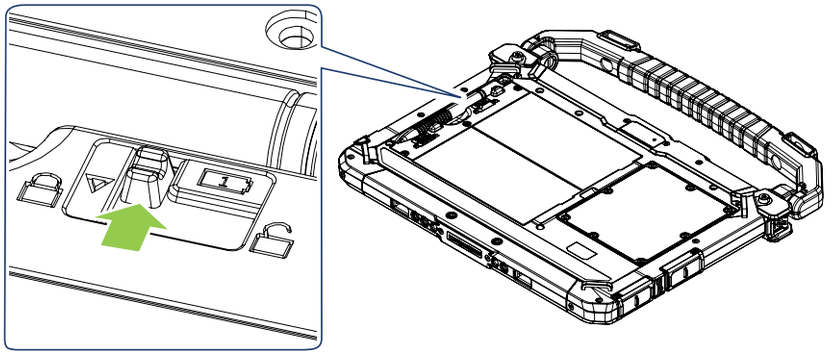
INSTALLING THE BATTERY

1. Install the battery packs

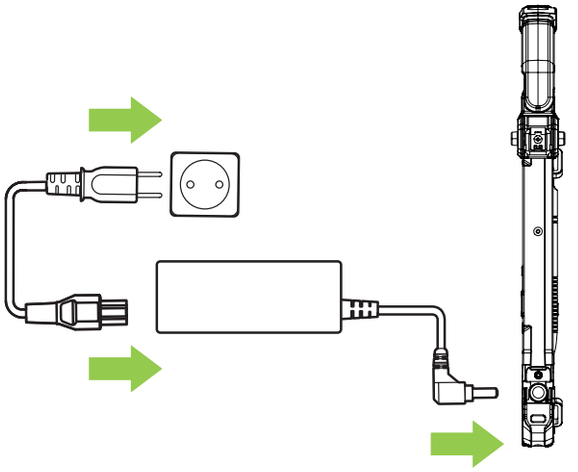


2. Lock the battery packs



CHARGING THE BATTERY

1. Connect the AC adapter to charge the battery

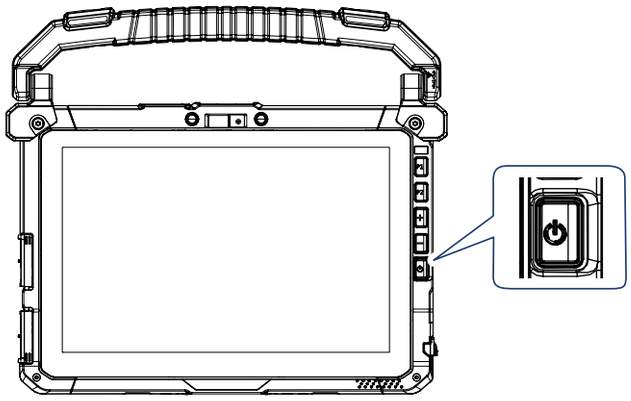


Use only the charger supplied by the manufacturer.

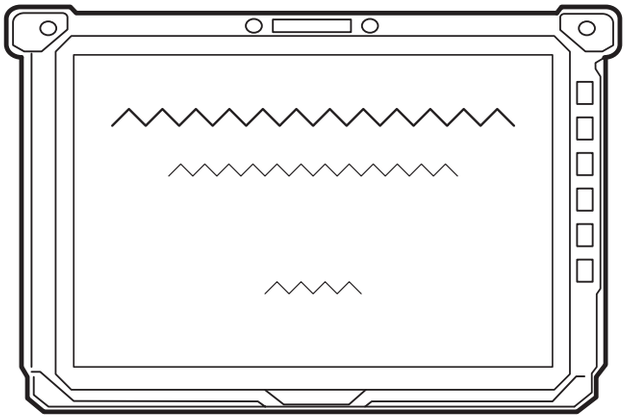
Do not charge/discharge or place the battery in high-temperature locations.

INITIAL STARTUP

1. Press the power button for 3 seconds



2. Follow the screen instructions



Please refer to the CONNEX 2 MDT800 manual for the actual use of the device.

This card is a “Quick Guide” and is not intended to replace an instruction manual.
For further information, EU Declaration of Conformity or more detailed instructions, please refer to the user manual using the QR Code shown.
